### PROPERTY DETAILS

Bootle Bay has always been well known for its bone-fishing resorts. It is located in the Western End of Grand Bahama, which has received lots of attention in the past year due to the purchase of 2,000 Acres by the Florida Based Real Estate Co., Ginn Company. Bootle Bay is also a good choice for an investment since the price right now for these properties that are only a few feet to the beach, are very low and as the Ginn Project develops more hopefully, there will be an increase in the demand for these lots to be used for vacationers or even as housing for the employees.
