PROPERTY DETAILS

A generous, vacant lot sits on a deep bend adopting the well known locale name of Go Slow Bend along the North Western shoreline of New Providence. This oversized lot is irregular in shape offering wide-angled, northwest ocean views. With the right architect on-board, an ultra modern home constructed on this property should be able to present breathtaking views from each room. It is an ideal, popular and much sort after location; a very central point, enjoying easy access to the downtown area; to shopping, educational institutions, entertainment, fine dining and other necessities as well as the international airport. This is a great opportunity to bring into reality, that dream home with ocean views and tropical breezes.
